

The background is a solid teal color with a series of overlapping, wavy lines in a slightly darker shade of teal. These lines create a sense of depth and movement, resembling a stylized landscape or a digital wave pattern.

Beaufort Hill

Digital Vision

To raise standards in digital learning

To inspire and create ambitious, capable learners that are digitally competent and ready for a digital world.

To give our learners the best learning experiences and the opportunities to engage in a digital world.

To include the pupils, staff, governors and the community to become positive digital citizens

Why?

To identify staff strengths and needs in regards to ICT / DCF skills and implement CPD and in house training opportunities for all staff.

To have in house training teaching for each year group to cover areas of development such as computational thinking, coding and databases

Use the 360-Cymru tool to embed and promote E-Safety within the school and the community

Ensure that the pupils, teachers, parents and community are involved and understand the schools ICT Vision

How?

Plan and teach engaging activities using a variety of up to date resources to teach ICT / DCF effectively

To use Google Drive/OneDrive/Seesaw to create, store and share information safely within Beaufort Hill Primary School.

Continue to buy the most up to date resources to ensure our learners have the best digital education available to them. To give them the opportunity to learn computational thinking, to use creative multimedia software packages and sharing information through email, collaboration and classroom to work anywhere at any time.

Work alongside pupils to create confident, capable digital leaders to lead excellent ICT skills and create an Online safety team for Online Safety lead by the pupils.

What?
