

Our Aims and Values

*To provide a stable, caring, healthy and happy environment in which children are stimulated to work and play together.

* To provide a broad, balanced and fully integrated curriculum to encourage our children to become ambitious and capable learners.

* To provide a curriculum that is progressive, differentiated to every need which encompasses the six areas of learning and experience.

* To emphasise cross-curricular opportunities to develop literacy, numeracy and digital competency.

* To help pupils acquire digital competency, relevant to our modern technological society.

* To help pupils develop lively, enquiring minds and become enterprising and creative contributors.

* To develop pupils' imagination and creativity through expressive arts.

* To lead pupils to appreciate the importance of their Welsh identity and the wider world to become ethically informed citizens.

* To instil respect for religious and moral values and to foster a caring attitude towards others.

* To foster a sense of respect, confidence and well-being to become healthy confident individuals.
